burraq integrated solutions

About

It is of great pleasure in introducing our company "Burraq Integrated Solutions" (BIS) as a newly established firm. Expertise, to look after the market in terms of providing "State of the Art" Electronic security and business critical solutions. BIS has great potential of supplying, Installing and Servicing of Electrical, Technological & Security Equipments.

From the very beginning, our guiding principle has always been to give full satisfaction to our esteemed clients. We strive to achieve high standard of professionalism at most competitive rates, by enforcing stringent quality control measures and cost-effective procedures during all phases of project execution. We take pride in the fact that company, in a very short span, has successfully completed projects of various natures including surveillance solutions, networking and school's up-Gradation, this has been made possible because of the inherent organizational flexibility and versatility of the company, enabling it to simultaneously under take projects of different types.

The company is by the grace of ALLAH, on sound footings and has neither entered into any litigation nor been black listed by any organization. We intend to maintain and improve our high quality of workmanship at its best.

OSAMA SAEED
Managing Director

Portfolio

At Burraq, we aspire to take this rich tradition forward by taking your evaluated expectations and raising our standards into our account to meet them on continuous basis. This, we accomplish through sheer commitment, by investing in our state-of-the-art facilities, and especially in after-sales-services. The rich history of our group ensures that edge in achieving these ambitions. Burraq is formed to provide quality electrical solutions at a very competitive price, and is highly innovative, customer driven, leading Technological organization through a balanced combination of low and hi-tech services, a dedicated team of professionals, solid institutional backing and a client value-centric approach and as one of the most trusted suppliers within our field of operations.

We strive to serve the needs of our valued customers with world class brands, with which we have exclusive agreements, that guarantee quality and timely deliveries, which exude superior values.
